Dear Mr Youldon

Sorry about the delay to the process. I am currently writing it up with the changes and using option 1 for T1 (*Crown reduction of maximum 2metres from height and 1metre from radial spread. Crown thin of 10%*). This application is at the top of my list thus a decision will be issued ASAP.

Kind regards

Finlay

Dear Mr Gardner,

Thank you for your email. I am happy with the advisory comments and wish to resubmit on this basis with a crown reduction to both trees. I do not wish removal of T1 as it provides screening and privacy from the property on

the south side.

In view of the month delay in a decision being made, can the approval recommendations be put forward ASAP as the arboriculturalist has stated the work need to be done by end of August and I need to give sufficient notice to my tree surgeon to enable the work to be completed within this timescale.

Kind regards

Dear Mr Youldon,

Your application LU/77/19/T is currently set to be refused following the comments from the Arboriculturist as attached.

However, he has provided advisory comments.,

Please let me know if the advisory comments are acceptable and I can amend the description to be in line with the recommendations and can write it up to recommend approval.

Kind regards,
Finlay Gardner
