Please note the louvred slats are drawn incorrectly the panel to the right off the French doors, they would be facing the other way for privacy to Drummond court and allow the afternoon light to flood though

Modest roof terrace with high quality vertical slated louvres made from hardwood with stylish rounded corners

No downward views

Set back from the edge with a further buffer of planter troughs

No direct view out

Private and unobtrusive

Light and sun comes in as the louvres are facing towards the south

No direct views possible out towards 7a or Drummond Court as the slats are louvred
