

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Morning

I understand 49 Northway Road, Wick, Littlehampton, BN17 7JX have put in a planning application on the 18th March 2021 for a top floor extension, I would like to add an objection, please see below:

My name is Natalie Winter of 50 Northway Road, Wick, Littlehampton, BN17 7JX my house is attached as a terrace to Number 49.

My objection is – concern of losing my natural light in my garden which I already lose from the ground floor extension, shading from the ground floor extension already shades my garden from 3pm and by 6pm my garden is completely shaded in the height of summer. (Photos enclosed) my worry is with a top floor extension the shading will happen earlier and I will lose the natural light in my garden from early afternoon.

I'm also concerned if there are to be windows on the side of my garden, they will be able to look straight down into my garden, and see straight into my bedroom window.

I have also enclosed a photo from March this year to show how shaded my garden can get (not in the summer sun) – Photo time is 14:16pm

Please can you pass this on the relevant case worker, which I can't find out as the system is down until Monday 19th April.

Could you also confirm if the yellow notices went up in the road as these haven't been seen by anyone.

Kind regards

Natalie Winter
