Dear Zac,

Thank you for letting me know, this is obviously not the outcome my client was looking for.

I did email you almost 3 weeks ago when the consultation period had ended to see how the application was progressing, I had hoped that if there had been issue's with the scheme I could been told then so I could have made a response.

A lot and time and effort goes in on both sides of the table when submitting and dealing with an Application so I would have liked to have been able to agree an extension of time to deal with any issues within the application, like I have on many other applications past and present.

Please could you tell me the main reasons you are recommending refusal so my client can make a decision if they want to withdraw the application now or appeal the refusal.

I appreciate your time on this matter.

kind regards,
Nat

Dear Mr Ellis,

The application report is in the process of being prepared, however, as a result of staff absences, this will not be on or before the 17th of May. Would you be agreeable to an Extension of Time until the 24th of May?

Kind regards,

Z Denton

Dear Mr Denton,

I am the Agent for the the above Application and I was hopping you could give me an update now that the consultation period has ended.

I note that the Town Council, West Sussex Highways and the Drainage Engineer have not raised any objections, and there have been 3 objections from neighbours.

I appreciate your time in considering this matter.

kind regards,
Mr. Nat Ellis
