Dear Mr Cox,

I have just received comments from our Arboriculturalist regarding your application for works to a TPO'd tree at 46 River Road/43 Pharos Quay.

As it stands, the application is going to be refused, however, the Arboriculturalist has recommended amended works as follows:

- I suggest that the applicant re-submits seeking a 4m crown lifting operation making all final cuts in accordance with BS3998 recommendations.

Do you accept the change of proposed works?

Please reply within a week so I can change this for you.

Yours sincerely,

Zac Denton
