Date: 3rd April 2020

Dear Mr Allen,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application for Planning Permission

Development: Littlehampton Lifeboat station was built in 2000 and houses two lifeboats which serve as search and rescue assets for the local area. The original building was finished in a cream coloured monocouche render, similar products have been used around the coast by the RNLI. Over time, these finishes have proved to be inflexible and extensive cracking/leaking has been seen at multiple sites. We propose to install a breathable membrane and battens to the render and overclad the whole of the southwest facade with grey composite cladding planks, similar to the Look & Sea centre adjacent.

Location: Lifeboat Station Surrey Street Littlehampton BN17 5BL

Thank you for your application submitted via the internet on 25th March 2020. It has been downloaded and will be checked for validity by the Technical Support Unit. It has been allocated the reference number **LU/88/20/PL**.

Once your application has been checked we will contact you again.

This letter does not confirm validity of the application/documentation submitted.

Yours sincerely

Neil Crowther
Group Head of Planning
