

Dear Andrew,

I understand that you are shortly to complete your report in this case. I would be obliged if you would take the following matters into consideration.

Environmental Health: We would recommend

1. operation of these units to between the hours of 08:30 to 21:00, with further restrictions to be imposed, as necessary, to premises subject to Licensing Regulation.
2. live or amplified music or any form of entertainment to be at the level of background noise only and restricted to the immediate vicinity of the unit, except with the express written approval of the Local Planning Authority
3. other sources of noise, such as excessively noisy compressors, generators etc to be provided with a suitable acoustic enclosure or other acoustic attenuation, to be decided on a case by case basis.

Should I be able to provide further information or advice then please do not hesitate to be in touch.

Kind regards

Carol
