My wife and I have lived in Littlehampton for over 50 years and believe this proposed retail development would be fantastic for our town.

Several people I know are put off going into our town centre due partly to the, how can I put this politely, loud people, hosted there and partly because of the lack of major shops..

The recent major housing developments North of the town have added significantly to our population meaning Littlehampton is now a dormitory town as few local jobs have been created and more would be a great benefit.. What's more, greenhouse gas emissions due to commuting car usage should be reduced.

Furthermore the people living in the new housing would, I'm sure, be delighted to have such a development nearby.

My wife and I are not getting any younger and mobility issues are starting to arise. This new development would mean a much shorter walk for us.

My wife and I also support the development of a M&S food hall locally as we currently have to travel to Bognor to visit the store.t

We really hope this development will be approved.

Kind regards,
Robert Lincoln
