I am writing to express my support for the proposed opening of a new M&S store in our local area.

I believe the store would bring significant benefits to the community. It would create new jobs for local residents and help stimulate the local economy by increasing footfall to nearby businesses. A

well-known retailer such as M&S can also enhance the overall appeal of the area, encouraging more people to shop locally rather than travelling further afield.

In addition, having a quality food and clothing retailer nearby would provide greater convenience for residents, particularly families and older members of the community. M&S is known for offering a wide range of products, including fresh food and healthier options, which would be a valuable addition to our local shopping facilities.

Overall, I feel this development would have a positive impact on the area and I hope it will be approved.

Kind regards,  
Eva Stevens
