I have now received comments from our free officer regarding your application at Riverside Industrial Estate, Unit G And Unit H.

The application proposal in its current format has been decided for refusal, however the tree officer would like you to consider a revised proposal which would be approved subject to standard conditions. Please see the revised proposal below:

Remove/reduce selected branches to achieve a maximum of 2metres clearance from buildings and fixtures.

If you agree in the tree officers comments please can you email me back to confirm this by 08/03/21. If I do not receive a response by this date then your application will be refused.

Please be aware that I will not be in the office next week so please copy into the email my line manager, Juan Baeza, who is copied into this email.

I look forward to hearing from you.

Many thanks
