Dear Sirs,

Thank-you for your letter in respect of the above planning and listed building application.

Your letter asks:

The site address on the application form and the red edge on the Location Plan and all other submissions differ. For clarity please confirm the correct site address, amend accordingly and re submit.

RESPONSE

I have corrected the address on the attached form – it is not possible to change the address on the planning portal website (I confirmed this with their support services) – so I have changed the form using adobe editor. I hope the attached form is acceptable to you.

Please also finds attached a revised planning statement with the address corrected.

Also, the following link provides all of the application plans, and the heritage statement with the address now correct.

 [220329 Issued to Client - Revised Address](#)

Please submit Existing Ground Floor Plan.

See revised plans in link above - existing ground floor plan is included

For clarity please confirm if you are also applying for Listed Building Consent with this application.

Yes. I have completed the form for full planning and LBC as both consents are required for the works proposed.

Please note that following Government guidelines, we have decided to operate the business day-to-day from home offices until advised otherwise. The main office is now closed to clients and staff. We expect all communication to be by email, telephone or video calling (facetime) with as little inconvenience as possible. You can contact all staff via their usual email addresses or mobile, and we can call back if required.
