Subject: Re: 8 Solent Close, Littlehampton - LU/96/19/CLP

Dear charlotte,

The proposed materials of the proposed rear extension are as follows:

Roof - Fibre cement slates which also work well with the shallow pitch <https://www.eternit.co.uk/en/products/slates>

Walls - Smooth white render and to the brickwork at low level a blue/grey engineering brick.

Window/doors - Grey aluminium slim profile.

Thanks,

Mark

Dear Mr Burchett,

I write to your regarding the application you have submitted for a certificate of lawfulness for a proposed single storey rear extension at 8 Solent Close, Littlehampton.

I am in the process of writing the report for your application and need to confirm if the proposed materials to be used in any exterior works for the proposed extension will be of a similar appearance to those used in the construction of the exterior of the existing dwelling?

Please confirm this in writing.

Please also note I will no longer be in the office from Friday 3rd May and therefore if you respond after this date then please send your email to planning@arun.gov.uk.

Many Thanks

Charlotte Easton
