Subject: RE: Kite Surfing office and Cafe 'LU/96/21/PL

Dear Mr Borrrington,

The above application for Kite surf school equipment store and office in connection with existing kite cafe and surf school permitted the addition of the 2 containers adjacent to the site.

If access along the esplanade is being impeded, preventing social distancing this is not a matter which is controlled by planning legislation.

Regards

Anita Gardner

Dear Sir/Madam,

I have previously made a formal complaint about the encroachment of the ramp access onto the esplanade causing a bottleneck and not allowing Covid distancing.

I have not had a reply to this matter (not unusual for this council), however this problem has gotten worse since they have opened the Cafe' which has led to queues forming blocking the Esplanade even further, when is the council going to rectify this.

Also I have noticed that they have now encroached onto the Shingle even further past the original site with a cargo container and another unit, when is this Invasion of OUR beach going to stop! (when the council has made enough money from it I suppose)?

This is getting intolerable and cannot be allowed to go unchallenged Mr P.Borrington.
