Dear Miss Atkinson,

14<sup>th</sup> Sept. 2011.

re: Planning Application - West Beach Cafe.

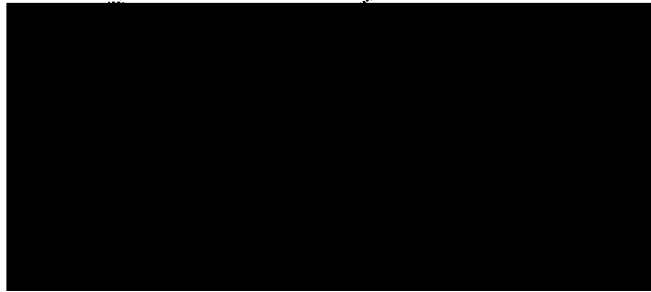

Reference yours 5<sup>th</sup> September it was agreed at the August Planning Committee Meeting that Miss Hearsay would look into the question of refuse storage. We were not asked to take any action or to submit a revised plan.

On receipt of your letter I contacted Miss Hearsay. She said she had not done anything about it and that it would not be considered at the September Meeting. There was only "a small window of opportunity". I said that I was disappointed that another month had been lost and would it be helpful if I let her have a plan showing the current refuse arrangements? She said yes and I sent her 3 copies of that plan.

As to a disabled W.C., I refer you to our earlier letter. Neither your original Notice nor

the Court Order require a disabled w.c.,  
whereas the Act does not require one if  
there is a suitable alternative facility,  
as is the case at West Beach.

Yours sincerely

P.S. May I have a reply to my July  
letter regarding the Draft Lease.
