Tree Report

Tree Location: on the south boundary of Church Field, Church Lane, Lyminster, Littlehampton, BN17 7QJ

Tree Species: English Oak

Estimated age: 60 yr

The reason for this report: The trees canopy is vast and has grown to a problematic size as it is blocking light the gardens below and is encroaching on the canopy of neighbouring trees.

The tree is in good health and would recover well from a 20% crown reduction, reducing the canopy will benefit the houses and plants below. Using target pruning techniques will ensure a healthy recovery and keep the trees canopy natural and therefor in keeping with its surroundings.

Current measurements from stem to extremities in meters... N:4 E:7 S:9 W:7 Height:17

Finished measurements from stem to extremities in meters... N:3.2 E:5.6 S:7.2 W:5.6 Height:13.6

Kind regards, Luke Bentley,
