Hi Sian

Please see the attached scans, hopefully this is what you need !

Also please see below our request to waive the schedule of works at this point

Thanks & all the best Dan Harrison

Request to waive schedule of works App Ref : PP-08213033V1

Dear Sian

Lyminster Cottage Lyminster Road Lyminster Littlehampton West Sussex BN17 7QF

We write to request that the requirement for a schedule of works is not submitted due to the nature of works requested.

Certain parts of the planning that may be granted/rejected have massive knock on effects or implications as to the way the work would be carried out.

For instance if the removal of flint walling at the front of the property to provide access for vehicles is rejected then massive changes to our methods will need to be implemented.

Restoration/Structural report to the outbuilding would need to be reviewed as would the entire project, material deliveries required looked at, build time adjusted along side the order in which the project runs.

We hope you understand this request and please feel free to get in contact with me on [REDACTED] need any further information.

Thanks and all the best Dan
