Good morning Nicola,

Responding to the invalidation letter dated 21st September 2021, please find attached:

- Completed CIL Forms
- Updated Drawing Plans: Existing Site Layout, Proposed Site Layout - 100 Scale, Proposed Site Layout - 200 Scale, and Proposed Tracking Layout.

In terms of the opening hours, it will be 24 hours. This should be included in the application forms, but please let me know if it is not.

With regard to the extraction/air conditioning units query, I have been informed that there will be no external air conditioning unit or extraction plant proposed.

I trust that you have everything you need to validate the application.

Please let me know if you are unable to download the attachments or have any questions.

Thanks,
Samantha.
