Good morning Nicola,

The Planning Statement was prepared prior to the receipt of the invalidation letter. It was just missed out and not uploaded onto the Planning Portal with the other documents. As such, the plans listed in the Statement are not reflective of the latest revisions because those plans were amended to address one of the points on the invalidation letter.

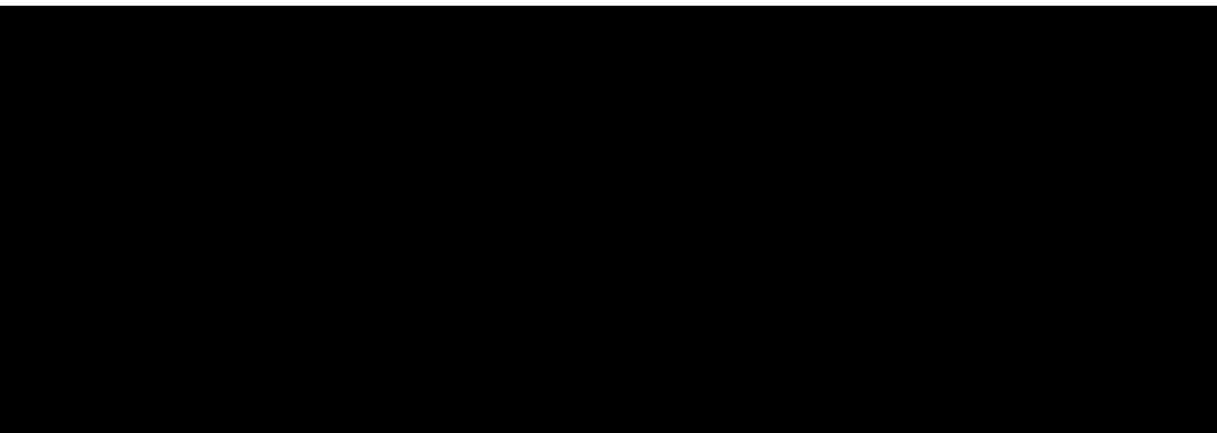

For clarity, the schedule of plans are as follows:

Existing Site Layout - 201115-PLNG1 Rev. A
Existing Site Elevations Sheet 1 - 201115 PLNG2
Existing Site Elevations Sheet 2 - 201115 PLNG2
Proposed Site Layout 100 Scale - 201115 PLNG3 Rev. B
Proposed Site Layout 200 Scale - 201115 PLNG4 Rev. C
Proposed Site Elevations Sheet 1 - 201115 PLNG5 Rev. A
Proposed Site Elevations Sheet 2 - 201115 PLNG5 Rev. A
Proposed Tracking Layout - 201115 PLNG6 Rev. B
Proposed Building Elevations - 201115 PLNG7 Rev. B

I hope that clarifies the confusion but please let me know if you have any further questions.

Thanks,
Samantha.

Good morning Samantha

Thank you for the attached Planning Statement, which I have added to the above application.

On checking the plans listed on the statement to those that I have received, I have come across the following discrepancies:

Existing Site Layout Dwg No 201115 PLNG1, we have received PLNG1(A)
Proposed Site Layout 100 Scale Dwg No 201115 PLNG3, we have received PLNG3 (B)
Proposed Site layout 200 Scale Dwg No 201115 PLNG 4, we have received PLNG4 (C)
Proposed Tracking Dwg No 201115 PLNG6, we have received PLNG6, we have received PLNG6 (B)
Proposed Building Elevations Dwg No 201115, we have received PLNG7(B)

Please can you confirm which are correct, and amend/submit accordingly.

Kind Regards

Nicky
