Michael

I can confirm that would be acceptable.

Apologies, I have tried to call you back but it goes straight to voicemail (and every time I leave my desk you call!).

Thanks
Jane.

Dear Jane,

In that case, please could I have a further extension of time (EoT) to **Friday 8th March 2019**, i.e. two days after the meeting of the Development Control Committee to submit the consultation response to WSCC from the Local Planning Authority?

Kind regards,

Michael

Having said all of this I'm now proposing to take the application to our Committee on 26 March (report despatched on 15 March) so there is less urgency for you to respond – though it would of course be useful to have any comments as soon as possible so that they can be given due consideration.

Thanks
Jane.

Our report gets despatched on Friday 15th at midday so if you could get a response to me by Thursday 14th at the latest I would be grateful. Otherwise I will have to write that it will be reported verbally.

Are you able to clarify why you need to take a consultation response to your Planning Committee?

Thanks
Jane.

Hi Jane,

I fully understand and appreciate the situation.

We would like to report the application to the Development Control Committee on Wednesday 13th February 2019 as an urgent item. Following the DCC meeting, the LPA would be able to provide a consultation response letter to you by 5.00pm on Friday 15th February 2019.

Would this be agreeable to you? Could we have an extension of time (EoT) to **Friday 15th February**?

Thanks,

Michael

Michael

Your authority was notified of the application on 29 November so I am struggling to understand why you need three months to provide a consultation response. I intend to take the application to our Committee on 26 February (in part based on your request to delay your response to 25 January), so need my report, as determining authority, to be written by 15 February.

I note you have just had a DC Committee, and have another on 13 February so it is difficult to understand why you couldn't take it to either of these Committees.

It would seem unreasonable to further delay consideration of the development, particularly as the need for the road is identified in your local plan, and was subject to a near identical application your authority commented on in 2015. If you could explain why you need such a long extension it may be possible, but from my perspective it would seem unreasonable.

Thanks
Jane.
