Subject: LY/22/11/T Lyminster Court Lyminster Road Lyminster BN17 7QF

Dear James,

I met with Mr Reagan at the above address today at 10.30am (14th December 2011) to discuss the conifer hedge felling and the tree work to the Evergreen Oaks.

Mr Reagan accepts the following as a Condition:

The first three Evergreen Oak trees from the Highway to be Crown Reduced by 3m. The branches to be cleared from the single storey neighbouring property by providing a gap of 2m. The 1st Evergreen Oak which overhangs the highway to be crown lifted to 5.2m.

The fourth tree and one farthest away from the highway and nearest the house should not be reduced. It should only be crown lifted over the boundary wall by 3.5m.

Reason for works

To provide adequate clearance from the highway and adjacent private property. To reduce the potential for limb collapse from the first three trees due to tight forks and cavities affecting the primary branch structure.

Yours sincerely

Ian Brewster
