Subject: Planning application LY /28/17/PL

For the attention of the planning officer .

I wanted to let you know that I fully support the application to change the premise located at the Cross bush farm shop site.

Since first being built this unit has been unsuccessfully opened as farm house supplies and services on many occasions and has failed. Every day I drive past and it and for me it is an awful advert for our towns of Arundel and Littlehampton when visitors come to this area.

The concept of turning it into a working unit with the ability to show off two of our very successful businesses in the Arun area can only I believe promote and attract more to visit and then stay and further explore the towns and country side.

I hope that this application can gain approval.

Yours Sincerely

Pete Cowley
