Subject: Tree works in a conservation area

Hello, my names Connor and I'm a local arborist. I've been recently contacted by a resident who wants 4 of his birch trees removed. They do not have any tree protection orders on them but they are inside a conservation area...

I have already been in contact with someone from your department and they advised me I should contact the local tree officer (Mark Warwick)

I have since spoke with Mark and he said all I need to do before going ahead with the work is notify you via email.

The address for the property is
1 The paddock
Lyminster
BN17 7QH

Please you can you send me a reply confirming this.

Thanks, Connor
