Hi Charlotte

As discussed, the plan shows the Steelwork layout, hence the dimensions are shown differently on the elevations. The elevation dimension match the plan dimensions.

Please find attached an amended plan stating that the plan is a steelwork layout.

I trust this is everything that you need. But please call me if you need anything else.

We sent you this application in late February, so would it be possible to try and determine this application as soon as possible please.

Regards

Mark Folkes

Charlotte

Your colleague called me to say that the application for Broomhurst farm has not been registered yet! I understand that our client paid the fee a long time ago now and we are expecting a decision.

Please note the email below I sent to you in February with the drawings answering your queries.. I have not received any other correspondence from you.

Regards

Mark Folkes
