Dear Mrs Gardner

Thank you for your email dated 17 May 2019 regarding the above application.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case, particularly the A27.

Having examined the above application, we are satisfied that the advertisements will not materially affect the safety of users of the SRN. Therefore we have no objection to this application.

If you have any queries regarding this response, please contact us at

Elizabeth Cleaver, Assistant Spatial Planning Manager
