Hi Sian,

Sorry for the delay - the scale on the drawings seem to have be corrupted for some reason.

I have updated and attached (v2). I have also added the scale on the plans.

The two elevation plans are 1: 100 and two room plans are 1: 50 when printed at A3 size.

Yes, please remove the demolition in a conversation area on the application form.

Hopefully that is correct now but please let me know if there are further changes required.

Kind regards,
Mike

Hello

Thank you for your email, please can you advise what scale the elevations are at, they seem to measure to 1:150 for me, if you are happy with this I can add it to the plans for you. Also you do not need demolition in a conservation area on the application form, with your permission I can remove this from the form and then upload all the documents to the application for you.

Kind regards
Sian

Dear Sian,

The email below did not send for some reason.

I did try to upload the new plans on the planning portal but I believe the planning application is currently locked.

Please let me know the attached documents can be added to the application.

Yours sincerely,
Mike Harris

Dear Sian,

As requested please find revised plans attached.

I have added scale bars to plans and added First Floor plans (existing and proposed)

As suggested in the letter dated 10-June can you please remove "Demolition in a Conservation Area" as it is not required.

Yours sincerely,
Mike Harris
