Hi Andrew Wood

That's fine, agreed.

When will you be able to issue the Decision Notice do you think?

Yours

Mick Way

Mr. Way,

Can you please agree to this pre-commencement condition no. 7 by return of email .

Development shall not commence, other than works of site survey and investigation, until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority. The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, and the recommendations of the SuDS Manual produced by CIRIA. Winter groundwater monitoring to establish highest annual ground water levels and Percolation testing to

BRE 365, or similar approved, will be required to support the design of any Infiltration drainage. No building / No part of the extended building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details and the details so agreed shall be maintained in good working order in perpetuity.

Reason : To ensure that the proposed development is satisfactorily drained in accordance with policies W SP1, W DM1, W DM2 and W DM3 of the Arun Local Plan. This is required to be a pre-commencement condition because it is necessary to implement the surface water drainage system prior to commencing any building works.

Dear Mr Wood

This email has just landed, but I think we have already discussed the two issues you refer to.

If not, please contact me again

Many thanks

Please can you contact me with regard to your application. I need to confirm the following;

- 1) Whether or not you are applying for a residential use or a commercial holiday home use.
- 2) Opaque side screens to the proposed balcony as requested in the pre-application advice.

Thank you,

Andrew Wood MRTPI
