Thank you for the information you have sent following my previous letter. Unfortunately I am still unable to accept the application as valid until the following matters are resolved:-

Flood Risk Assessment

This application requires a Flood Risk Assessment. The Environment Agency website provides information on what should be included and provides templates for some of the lower risk applications. Please refer to the Validation Requirements List for further details and contact details for the Environment Agency.

For further detailed information on validation requirements please go to our website and refer to the requirements list for this type of application: <http://www.arun.gov.uk/making-a-planning-application>
If you are unable to access the website, please contact this office so a copy can be sent to you.

Where the information requested above relates to a local validation requirement, you may request that the requirement is waived. The information requested should be reasonable having regard to the nature and scale of the proposed development and about a matter which it is reasonable to think would be a material consideration in determining the application. If you do not feel this is the case, you can serve a notice on the Council, specifying which particulars or evidence you do not consider meet this test of reasonableness. You must state which items you disagree with and set out the reasons why you hold the view, please quote the application reference in your letter or email. The Council will then consider your case and respond. It should be noted that there is no right to challenge the national requirements as

these requirements are contained in planning legislation.

Please provide the above by **4th February 2021**. If this information is not received by this date, I will close the file as incomplete and you will have to submit a fresh application.

If this letter has crossed with you providing the information, please ignore it.

Yours sincerely

Neil Crowther
Group Head of Planning
