Dear Mr Anderson,

This email is regarding you current application for tree consent works at 46 Silver Birch Drive, Middleton.

As it stands, the application is set to be refused, as the Arboriculturalist believes that the proposed works are unnecessarily severe. However, he has suggested alternate works that would be found to be acceptable, detailed below:

"Reduce length of prominent low limb by no more than 2.5m, positioning final cut at strong branch junctions, leaving a wound no greater than 60mm diameter."

If you would like, I can change the description of the application which would allow you to perform the works detailed above.

Please reply within a week so I can change this for you.

Many thanks,

Z Denton
