Hi Laura and Anita

Further to Laura's comment we have added an impermeable membrane to the sides of the rear garden terrace area on drawings 201A and 501A, copies attached. I trust this will allow the surface water scheme and Planning Condition 3 to be discharged.

If you have any further queries please do not hesitate to contact me.

Regards

Stuart

Dear Anita,

Thank you for consulting us regarding this discharge of conditions application. We have the following comments regarding condition 3.

Please can an impermeable liner be provided to the sides of the rear garden ground floor terrace to ensure that water does not travel through the sides of this raised area and infiltrates through the bottom only.

Please re-consult us once this revised information has been supplied.

Kind regards,

Laura Gibbons
