Dear Sirs,

Re.: Planning Ref. M/13/15/HH for Summerhouse and Pergola
4 Sea Way, Middleton-on-Sea.

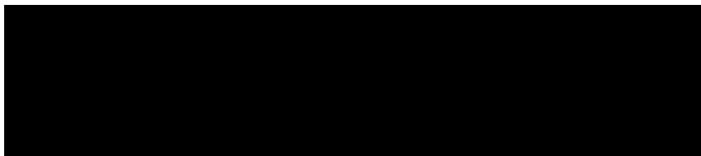

I am writing to object to the above referenced Planning Application.

The applicant has already constructed the summerhouse and painted it a very bright blue and is constructing a pergola behind the summer house. One does not therefore have to imagine how it would look, as it is already built for all to see.

This summerhouse is in front of the building line and is obtrusive to the street scene, and does not comply with the Village Design Statement. If this were to be allowed, this would herald in a complete and irrevocable change to the street scene, not only on this road but everywhere. The front building line of street scenes is of fundamental importance.

I trust that an officer has visited the site and seen how these new buildings affect the street scene.

If such an application were to be sanctioned, it would set a precedent, negating all that the VDU is trying to preserve.
I would ask you therefore to reject this application.

Mrs. S.M. Burley 0
