

The Evolve vertical sliding sash window from Synseal comes with many advanced features:

- A WER as standard with optional upgrades
- Low maintenance PVCu profiles with traditional styling
- Fully featured sculptured profiles
- Equal sight lines for top and bottom sashes
- Easy clean tilt facility
- 24mm glazing as standard for enhanced weather performance
- Choices of sill sizes available
- Guaranteed for 10 years
- Georgian or Astragal bar finish available
- Decorative sash horns (optional)
- Run through sash horns (optional)
- Anti-jemmy bar (optional)
- Child/travel restrictors (optional)
- Deep bottom rail for a period look (optional)
- Sill jointers for professional detailing

Energy efficient and environmentally friendly

Today window designers have more challenges. Not only do they need to design windows to keep out the wind and rain and let the sun in, but they have to consider the environmental options.

Our windows are not only lead free, but they have a A energy rating as standard, with low E double glazed glass units to keep the heat in and reduce heating bills. The windows also have brush seals around the openings for exceptional draught proofing.

Choosing PVCu over timber is the environmentally friendly choice. The majority of end of life PVCu windows can be recycled over and over again to produce new windows.

Sizes available

Our vertical sliding sash windows are available between the following sizes:

- Minimum sizes 350mm width x 800mm height.
- Maximum sizes 1500mm width x 2500mm height.

Delivered in just 7 working days!

We've invested heavily in setting up efficient and streamlined manufacturing for our Evolve VS windows - meaning we can guarantee delivery within 7 working days.

This quick turnaround is available across the whole range of nine colours enabling you to react quickly to your customers demands.

Schematics

Hardware

High quality balance weights and hardware are fixed to integral reinforcements for reliable and smooth opening time after time. Hardware is available in white, gold, chrome and satin chrome:

Pole eye - White

Lock - Satin Chrome

Tilt knob - Gold

Sash lift - Chrome

Run through sash horns

Child/travel restrictors

Bars

To achieve a traditional look without the need for individual units of glass, our vertical sliding-sash windows offer a choice of internal/external Georgian glazing bars.

Astragal bars

18mm or 25mm Georgian bars

The colours shown are designed as a guide only. Before making your final decision, please ensure you have seen a foil swatch.
