Attachments: Planning Requirements list.pdf

Dear Nik

With reference to your email below, since the previous application M/105/18/PL we have amended and updated our validation requirements (see copy attached). I have referred to Dan Vick and Nicola Spencer, and they have confirmed that the proposed sections and Lidsey Foul Water statement will be required for validation.

Kind Regards

Nicky

Dear Nicola

Thank you for your letter. The application as submitted is an exact replica of the previous application where the Council has very recently considered all issues and granted permission. I am therefore struggling to understand why additional drawings are required? Are you able to check with Dan Vick Team Leader.

Likewise the drainage is exactly as before I can't see any reason for needing to supply anything more for this application as the last as its exactly the same. If the scheme had changed, been enlarged resulting in greater intensity / demand on services then I could understand the request.

My hope was as a resubmission/renewal the same documents would apply.

Kind regards

Nikolas Antoniou
