Thank you for your internet representation made on 1st July 2022 which has been recorded as an objection with the comments as follows:

OWPC48627

This land is primarily agricultural. As a nation we need every bit of green space to grow our own food. The Ukraine situation has already shown world shortages in wheat and rape seed We NEED these products and they can easily be grown here on grade 1 land. A starving population is more important than over crowded housing. It is totally illogical to relocate to turn this into a golf course for the few. Alternatively if this land must be used for something, build houses here ... the vicinity of the A259 makes access far easier for the builders and future home owners will also be located on a more direct route to trains and buses.

Your views as made above will be considered before the application is determined.
