Morning

Can the email and report attached be uploaded to the application portal and can Paul Cann be formally reconsulted. (He has been sent a copy direct but he will need to be formally reconsulted as I will need his updated comments).

Also ecology had been consulted on a report on Skylark habitat - document was sent to and uploaded on the Arun planning portal on 4/1/23. I have contacted Hayley Dean, Essex County Council at various times to respond. On the other application (Bognor Regis Golf Course) she did respond but only back to Arun. Can you follow up please as it appears it may require a further chase up from Arun. I did explain I am the consultant acting for Arun.

David Easton by copy can you send me a copy of the meeting note from 5 June where Karl and yourself met the applicant about the 2 applications.

Any queries please let me know.

Thanks

David Innes

Evening Paul,

Following my email earlier and our planning agent's (Kate at LRM – copied) discussions with David Innes (case officer – copied) please find enclosed the Drainage Technical Note for the proposed new golf course, which responds to your comments from 10 March 2022, 30 September 2022 and 03 May 2023..

We have sought to address all of the matters that you have raised and have included a schedule at Appendix A, which outlines where your comments have been addressed in the note to assist in reference. I understand that David will be in touch to consult you formally on this but please do not hesitate to let me know if there is anything that you would like to discuss

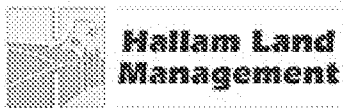

I also look forward to receiving your thoughts on the proximity of planting to the ditch as set out in my previous email.

Kind regards

Alex
