Dear Madam

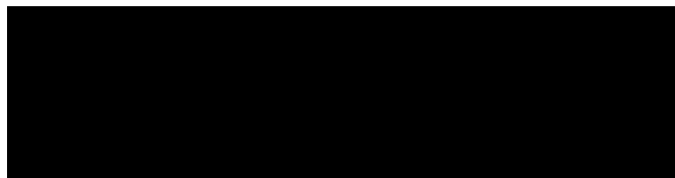

RE: - Planning application for Additional Driveway Entrance on above property-104 Elmer Road. REF M/18/17/HH

Thank you for your letter of 14th March regarding the above planning application for a dropped Kerb in front of the above property

I duly enclose, the completed Certificate B, along with a block plan of the property and some visibility plans, I appreciate the visibility plans are not to scale, and if further information is required, I will look to appoint a third person to formulate a block site plan to meet with your requirements, and if you could advise of an approved person to complete this work it would be appreciated

I trust the enclosed is sufficient for your requirements however please do not hesitate to email me if further clarifications etc are required

Yours sincerely

Gary Morris

FAO Mrs D Johnson

Dear Madam

RE: - Planning application for Additional Driveway Entrance on above property-104 Elmer Road. REF M/18/17/HH

Thank you for your letter of 28th March regarding the above planning application for a dropped Kerb in front of the above property

I duly enclose, the completed Certificate B, with owner and address details as requested.

On the matter of the fully detailed block plan to scale, following advice from your Mr Howick and to finalise this matter I am seeking the services of a planning consultant to formulate the block plan in accordance with your requirements, however due to the pending Easter break and to allow enough time for the plan to be formulated, I duly request an extension of 4 weeks for submission of the plan until Monday 8th May

Should the above be acceptable an email would suffice to the above address rather than utilising postage costs

I trust the enclosed meets with your approval and your assistance on this extension of time would be appreciated

Yours sincerely

Gary Morris
