Fao mrs D Johnson

Apologies for the confusion with the application form and thank you for returning for my completion,as detailed in my letter Ian having to employ the services of a planning consultant to draft the block plan and visibility study to support my application,unfortunately this cannot be completed until the may date detailed due to holidays I therefore request again an extension to the submit date as detailed in my letter

When we last dealt with this type of works many years ago in London block plans and visibility studies was not required and a visit from the local council was all that was required to see what impact a dropped kerb would make so apologies for the delays in our submission but I am now in the hands of a third party who in hindsight I should have employed at the start of the application,however please be assured that we will submit the correct information should you grant the extension to the application date

Assuring
regards
Gary morris
