RE: M1/11/ Resubmission

Dear Mr Birch,

I have discussed the plans with my team leader Mr Parsons and we are both of the opinion that the dormers are too large and appear out of character with the existing dwelling. It would be more appropriate to have small dormers and scale down the accommodation at first floor level.

Dear Mrs. Chapman,

I have changed the format to PDF - The file is now also to scale.
Please let me know if you have any further difficulties reading it.

Regards

Matthew Birch
