Dear Mr Birch,

The floor plans are ok but I am unable to view the elevations which shows me error reading file.

Can you have a look at this.

Subject: M1/11/ Resubmission

Dear Mrs. Chapman,

You may remember a couple of weeks ago you spoke to me about the resubmission of 'Retreat' Rose Avenue and the proposed dormers. I have since changed the design and tidied up the plans. You will see from the attached plans that I have also taken on board your advice in full.

Could you please advise as to whether the plans would be acceptable for resubmission?

Although I have not quite completed the elevation plans, I have also attached a JPG which is not to scale for your comments.

I am very grateful for your assistance, My contact numbers are [REDACTED]

Yours sincerely,

Matthew Birch
