Dear Sir/Madam

I have lived in Southdown Drive for 34 years, my home has views of the sea and I am very proud of my home and the position, however over the last few years my views are slowly being spoiled, first apartments were built starting to block off the sea, new building restrictions are properly number 64 seem to have been added more than was originally understood and now house number 58 has decided to add more to the original planning caused, by having mother extensions to his roof, which again will block off some of the sea, so I am against the proposals on number 58. I sincerely hope that my objections are taken seriously, as the last time I came to Matrons Home when the original plans were drawn, it seemed to me that it was cut and dried and my input was a waste of my time.
