Dear Charlotte,

I attach a copy of the site plan with the road named as requested and confirm that the foul water drainage will connect to the public foul water sewerage system as shown on the attached ground floor plan.

Regards,

Chris Moore

Dear Anita,

Following our telephone conversation the other day I attach a copy of the revised proposed elevations and site/roof plans showing the first dormer extension deleted from the application.

It is my clients' intention to build the dormer under Permitted Development rights under the General Development Order – would you be able to confirm that this is indeed acceptable – as there will be no side facing windows and the actual increase in volume is minimal?

I look forward to hearing from you and likewise hopefully receiving the planning approval for the front extension in due course.

Kind regards,

Chris Moore
