Hello

thanks.

re 1) Yes fine please change the title if you think it more appropriate

re 2) Block Plan dimensions, please find attached updated block plan showing dimensions, also existing and proposed plans updated showing this in more detail to the side boundary.

re 3) Flood Risk Assessment, Attached is a Flood Map for Planning form The Environment Agency Website, it says we don't need to do an FRA. Please can Sian Eggington or the allocated planning officer contact me by phone to discuss if further information is required, it will be quicker this way.

I can fill in this <https://www.arun.gov.uk/download.cfm?doc=docm93jjjm4n9056.pdf&ver=8858> if necessary if it is all that is needed? but this is for extensions in Zones 2 and 3. Not zone 1. So I'm not sure if it is required.

I read through a lot of Arun flood risk documents last night (including the SFRA from 2016) and couldn't find anything that suggested we had to submit anything for zone 1.

Also if a further FRA is needed by a consultant this may take longer than the 17th April. Again probably best to just adjust this over the phone if necessary.

thanks
