FAO Sian Eggington.

Thank you for your correspondence today.

I do not think your amended description of the application is correct. The following is more appropriate:-
“Single storey side and rear extension plus extension works to the existing habitable roof space to include front, rear and side dormers. Also replacement garage.”

Do you agree to this? Please note that the roof space is already habitable, with proper stair access.

The proposed extension works will connect into the existing mains foul drainage system.

I trust the application can now be validated.

Thank you and kind regards,
