Engineers Comments Regarding Surface Water Drainage

It is recommended that Condition 4 on application M/92/20/HH is discharged. All surface water drainage should be constructed in accordance with 'Surface Water Drainage Layout C1672-P-100-P2'. This can be found within the attached C1672_Drainage Statement, which has been updated following my comments (requested prior to submission).

Please upload the attached (latest) document to the portal.
