

181, MIDDLETON ROAD, MIDDLETON-ON-SEA, BOGNOR REGIS

APPLICATION No. M/30/26/HH

BIODIVERSITY ENHANCEMENT STATEMENT

The proposals are to construct single storey extensions attached to the rear & side of the existing property.

The proposed extensions will be constructed in matching facing bricks with a concrete interlocking tiled roof.

The existing bungalow is constructed with facing bricks & concrete interlocking roof tiles & offers no habitat opportunities for bats.

However, to enhance the biodiversity it is proposed to install two bird boxes & a hedgehog house in the rear garden of the property.
