FAO: Miss C Burrows

Dear Miss Burrows,

Ref: M/31/14/HH. First floor extension at 6 Hadley Close.

Further to your letter to my client dated 15th May 2014 (copy of your original letter attached for reference) i can confirm the following:

1. Attached is an electronic version of the block plan (drawing number BV1Bv2) with dimensions of the proposed works in relation to the boundaries.

2. I can confirm that the proposed foul drainage connects into the existing foul system to the property which is connected to the mains drainage system. They will not connect into a private independent facility such as a septic tank or cesspool.

If you require any further information please do not hesitate to contact me.

Kind regards
Mr Norrell
