Dear Sir/Madam,

New dwelling & separate garage replacing the proposed new house in the previous planning permission ref: M/7/16/PL - Amendment to M/153/18/PL

**46 Sea Lane, Middleton-On-Sea
PO22 7RX**

Thank you for the consultation on the above mentioned application.

My comments are broadly similar to that of M/153/18/PL and therefore Coast Protection have no objection to the aforementioned application. However, I would like to take this opportunity to make the applicant aware of the following;

Upon consulting the Environment Agency flood maps it has come to my attention that the proposal is located just outside of Flood Zone 2 & Flood Zone 3. It should be understood that the mapping provided by the Environment Agency is indicative and subject to change as new information / modelling becomes available.

Other general comments that may be of interest to the Applicant are as follows:

- There can be no guarantee that homes situated next to the sea are 100% safe. Living close to any expanse of water always carries some level of risk; homeowners should be aware of this and should take appropriate precautionary measures if they consider it necessary.
- Arun District Council is the Coast Protection Authority and has permissive powers to carry out coast protection work in accordance with the Coast Protection Act 1949.
- The Beachy Head to Selsey Bill Shoreline Management Plan (SMP) provides a high level assessment of the risks associated with coastal evolution and presents a policy framework to address these risks. <http://www.se-coastalgroup.org.uk/wp-content/uploads/2013/10/Beachy-Head-to-Selsey-Bill-SMP-FINAL.pdf>
- The 'River Arun to Pagham Flood and Coastal Erosion Risk Management Strategy' sits below the SMP and suggests how best to manage coastal flooding and erosion risk over a 100 year strategy period for smaller lengths of coastline. The Strategy has identified shortlisted options on how this can be achieved, provided funding is available. Full documentation can be found at:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/469503/F1516_0552_A2P_Strategy_Appraisal_Report_v3.0.pdf

- The Government's current strategy for funding capital works (e.g. major groyne replacement schemes) is known as Partnership Funding. If or when any Partnership Funding might be required residents directly benefitting from the defence are likely to be approached. I.e. those likely to be at risk from flooding or erosion within the timescale of the scheme. I have provided link at the bottom of the page which explains partnership funding in greater detail.
