Dear Miss Gardner

I have just received an email from My Architect Mr James Burland relating to the above planning application.

I must say I'm very frustrated with the process that's happening and how we are being treated, we were asked to agree to an extension of time to re-advertise the application following amendments to the plans. an extension of time that would take up to the 7/11/2019 and suggesting that a decision would be made on the 11th November 2019,

We agreed to that extension of time with the hope that following numerous amendments to the plans and various mails between yourself and James Burland we had met the criteria to achieve planning permission.

Now on the 5th November we are requested for more surveys to be carried out with limited time, to enable us to go to committee on the 10-1-2020. Yet another 8 weeks away.

1. Why wasn't this requested at the re-submission stage giving us sufficient time
2. Surely the existing surveys must be OK, we have planning on the site which we have implemented, we are asking for change in design?

I have asked James burland to agree to the extension of time, however I would ask that if you see any reason for this application to be refused can you please advise, save wasting more time and money.

Regards

Kevin Gale
