Attention Nicola Moore

Morning Nicola, Thank you for the additional guidance yesterday.

As requested, I have removed the scale from the drawings and added notes covering the brickwork and dimensions for the skylights.

To confirm the process, given the current restrictions, I have drawn the plans to a scale of 1:50; then taken a photograph and saved as a Jpeg. Using a program on my laptop, I have then converted then to a PDF. PDF Files attached to this email.

I hope this completes the outstanding concerns with my application and I hope it can be progresses ASAP.

Many thanks, Jeff
