Dear Sir/Madam

I refer to your letter reference M/39/14/T in relation to an application to trim back a Hazel Tree subject to TPO M/1/96. It is intended to cut the tree back about one and half to two metres to ensure it does not damage the garage roof and shed.

There will not be any change to the actual girth of the tree.

Please feel free to contact me if you require anything further, regards

Debra Weston
