Dear Mr Naldrett,

Just to make you aware we have received comments from our Drainage Engineers in relation to the above application. Some of the issues previously raised have now been resolved, however there are various comments which still required rectification. The comments tracker is now available online to view.

I would be grateful if you could amend the plans/documents to suit and return to me. Would it be possible to return document by the 23 September, I will then be able to re-consult with our Engineers.

Kind regards,

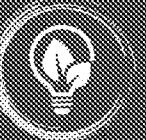

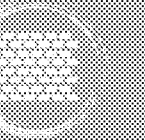

Kathryn Welch

Dear Mr Naldrett,

Yet the documents have been uploaded and are being reviewed by our Engineers. They are still behind on their caseload so don't be surprised if there is a short delay before hearing anything back.

Kind regards,

Kathryn Welch

Hello Ms Welch, I'm just following up on this application and checking that you received the files requested and it's in the system for review.
Many thanks
Martin Naldrett

Dear Mr Naldrett,

I've been informed today that additional documents have been uploaded to the Planning Portal in respects of the drainage condition. It is very difficult for the Technical Team to identify the old versus the new plans/documents submitted as the Planning Portal wasn't really designed to accept anything past validation of an application. As such, would it be possible for you to forward all the new relevant information/plans directly to me, I can get this uploaded to the online file then.

Many thanks for your assistance,

Kathryn Welch
